

# Oxford Log Viewer

An application for viewing and analysing process log files from Oxford Instruments tools (e.g., Estrelas, NGP-80, Cobra).

## Log Viewer Utility

The log viewer application has been provided by Oxford Instruments, to enable offline analysis of log files. Users are permitted to download and install this software on their own computers.

- Installer: [LogFileViewer Installer - \(Windows\)](#)
- Documentation: [OIPT\\_LogViewer\\_EN\\_01.pdf](#)
